Nowadays, the education is an embodiment of a word life. It is one of the most important and significant part of everyone's life. In the given quote the author is trying to say that the ~~ed~~ process of education is hard, but afterwards it makes your life so much easier. ~~I think~~

As for me, the education has a huge influence on ~~everyone~~ ~~at~~ me and without it I wouldn't be able to succeed in my life. The "roots" of it, from one side, is ~~to~~ reliable, because the whole process of education is really hard. On the other side, developing yourself and learning something was always interesting for me. It changes your personality, makes brighter and smarter. Knowledge you ~~learn~~ ~~and~~ learn makes you more confident in your life's decisions.

To illustrate my words, I would love to give you ~~some~~ examples ~~from~~ literature. Recently, I have read a poem called "Evgeniy Onegin" ~~by~~ by A.S. Pushkin. In this book the main character ~~is~~ was called "Gore ot uma" by Griboedov, where the main character was called a "needless person". The reason of it, that Chatskiy was smart and intelligent in this society, but people ~~at~~ that time didn't see any needs in education. Educated people were called "fools" and ~~no~~ nobody needed them. ~~In~~ In this book, the author is showing the overpower of other people, where ~~the~~ is shown how the smart people understand the world, where others are being rude and intelligent. It is hard for him, even to communicate with others.

In conclusion, I would say that after the hard work or "roots" there is always the "Fruit ~~sweet~~ sweet Fruit" which is telling us, that no matter how hard it was, it always paying back.
