Task 6.

Hi ^{dear} Sam,

Thanks for your email! Yes, I am in a Robotics Club at school. We meet every Thursday.

There, we learn to build and program simple robots using special kits and computers. Sometimes we work in teams on small projects or prepare for local competitions.

I do recommend it because it is very hands-on and creative. You get to solve real problems and see your ideas come to life. It is also a fun way to learn about technology and engineering.

What tools do you use in your club?

Hope to hear from you soon!

Best wishes
