I've received your letter, you're favourite school club is awesome! since you asked about ^{my club} mine I'll gladly ^{answer} tell you. My favourite school club is volleyball, I adore volleyball so much but sadly im

not so good at it, but that's okay since I only started recently. I usually go there after school which finishes at 1pm. My practice starts at 3:30pm, I have enough time to eat and rest before my game. We usually start by warming up for the match we're about to play, then depending on our coach we play or we train, it doesn't really matter because I enjoy both. Our practice goes on for two or more hours, all of my team-mates get tired by that time, im not an exeption. I would absolutely recommend it to all of my friends, I think they would love it! this is where my letter comes to an end, hope you write me back soon.

with love, salma.
