Task 6

Hey Sam, I actually do! On weekends

I get to Nalchik for my programming lessons and English studies. First, 3. we study programmes and ~~make~~ some-

times even write the code ourselves! On English studies we speak only in English! Can you believe that? We speak with the others, study tenses, new words and so much more! Also the books they give us at the beginning of the school year are nice. Honestly, I think everyone should give it a try! Learning English there is really fun, personally me, my level of English is B1+. Your club also sounds fun, but I don't think they're for my taste. See you soon!
